

Link Group Guidelines

for

The Partnership Board

The Link Group have written this guide for members of the Partnership Board. If everyone follows this guide then the Partnership Board will be easier for everyone to understand.

- **No Jargon.**

When speaking, do not use complicated words. Use everyday words that everyone can understand.

- **Stay calm.**

It does not help us to understand if people get up tight.

- **Talk slowly and clearly so everyone can understand.**

- **Respect and listen to everybody's view**

- **We like it when people are friendly.**
